ATTACHMENT A: PROOF OF COVID-19 VACCINATION FOR NONCITIZEN NONIMMIGRANTS PASSENGER DISCLOSURE AND ATTESTATION TO THE UNITED STATES OF AMERICA

This passenger disclosure and attestation fulfills the requirements of U.S. Centers for Disease Control and Prevention (CDC) Amended Order: *Implementing Presidential Proclamation on Advancing the Safe Resumption of Global Travel During the COVID-19 Pandemic.*¹ As directed by the CDC and the Transportation Security Administration (TSA), through the Security Directive 1544-21-03 series and Emergency Amendment 1546-21-02 series, and consistent with CDC's Order implementing the Proclamation, all airline or other aircraft operators must provide the following disclosures to all passengers prior to their boarding a flight from a foreign country to the United States.

AIRLINE AND AIRCRAFT OPERATOR DISCLOSURE REQUIREMENTS:

As required by United States federal law, all airlines or other aircraft operators must collect the passenger attestation on behalf of the U.S. Government.²

Required Proof of COVID-19 Vaccination for Non-U.S. citizen, Nonimmigrant Air Passengers

As directed by the TSA, including through a security directive or emergency amendment, all airlines and other aircraft operators must additionally confirm one of the following for each noncitizen who is a nonimmigrant passenger prior to their boarding a flight to the United States from a foreign country:

- 1. Proof of being Fully Vaccinated Against COVID-19; or
- 2. Proof of being excepted from the requirement to be Fully Vaccinated Against COVID-19.

¹ This requirement (i.e., proof of being fully vaccinated against COVID-19) does not apply to crewmembers of airlines or other aircraft operators if they are traveling for the purpose of operating the aircraft or repositioning (i.e., on "deadhead" status), provided their assignment is under an air carrier's or operator's occupational health and safety program that follows applicable industry standard protocols for the prevention of COVID-19 consistent with relevant CDC guidance.

² This attestation does not need to be completed by or on behalf of children under 2 years of age. The airline or other aircraft operator may permit them to board an aircraft without an attestation.

OMB Control No.: 0920-1318

PROOF OF COVID-19 VACCINATION FOR NONCITIZEN NONIMMIGRANTS PASSENGER DISCLOSURE AND ATTESTATION TO THE UNITED STATES OF AMERICA

The information provided below must be accurate and complete to the best of the individual's knowledge. Under United States federal law, the applicable portion of the attestation must be completed for each passenger ages 2 years or older and the attestation must be provided to the airline or aircraft operator prior to boarding a flight to the United States from a foreign country. Failure to complete and present the applicable portion of the attestation, or submitting false or misleading information, could result in delay of travel, denial of boarding, or denial of boarding on future travel, or put the passenger or other individuals at risk of harm, including serious bodily injury or death. Any passenger who fails to comply with these requirements may be subject to criminal penalties. Willfully providing false or misleading information may lead to criminal fines and imprisonment under, among other provisions, 18 U.S.C. § 1001. Providing this information can help protect you, your friends and family, your communities, and the United States. CDC appreciates your cooperation.

One attestation form must be filled out for each passenger age 2 years or older who is not a U.S. citizen, U.S. national, lawful permanent resident, or an immigrant ("Covered Individual"), and who is seeking to enter the United States by air travel.³ The attestation may be filled out by the air passenger or on behalf of the air passenger by a legal representative, such as a parent or guardian. The passenger must also be able to check all boxes related to and comply with applicable after travel requirements to board a plane to the United States.
